PARENT PERMISSION FORM FOR ON-LINE INFORMATION RESOURCES

Technology As a Foundation Skill

To prepare students for their roles in society, Manitoba Education and Youth has identified technology, along with literacy and communication, problem solving, and human relations, as a foundation skill area to be developed in every subject area and grade (A Foundation for Excellence, 1995). Development of technology as a foundation skill area will not only enable students to use technology to learn, but will also enhance their understanding of the connections between technology, society, and the environment. (Manitoba Education & Youth)

I have read and agree to the Dasmesh School Winnipeg Acceptable Use of On-line Information Resources Policy and understand that access to such resources is for educational purposes. I realize that it is impossible for the Dasmesh School Winnipeg to be responsible for restricting all access to controversial materials. I understand that a user is expected to abide by these Terms and Conditions, set out in this document, and that his/her privileges may be suspended and/or any other consequence may be applied as deemed necessary, if these Terms are violated.

A copy of the Dasmesh School Winnipeg Use of On-line Information Resources Policy is available in the school handbook or online.

We will ask permission at the beginning of each school year, however, if circumstances change and you want to revoke your permission, you may do so by informing the school at any time.
